

INSTRUCTIONS FOR JOINING WORSHIP SERVICES BY TELEPHONE, INTERNET or SHORT RANGE RADIO

You may join our Sunday 11:00 am worship services, by telephone, internet or short range radio. Joining by internet is preferred because the sound quality is much better than by telephone, plus you can see what is going on (unless our webcam is down which it often is, unfortunately). The picture quality is not television-quality, but is good enough to provide a feeling of being present.

JOINING BY TELEPHONE (via webex. Note the new meeting number effective January 30, 2022):

1. Dial 647-484-1598
2. After the first prompt enter 1#
3. After the next prompt enter 132 997 9149# (meeting number)
4. After the next prompt enter 2110# (password)

When you hear the beep you have joined Worship!

If you call in before the service starts you'll hear hymn music. If you call in after it starts you will automatically be joined to the service already in progress.

JOINING BY COMPUTER ON THE INTERNET

(Note the new link, effective January 30, 2022)

You need audio output on your computer but you do not need a webcam or microphone. You do not need to install the Webex App, though step 2 of the following procedure is simpler once you do.)

1. Click on this link:

2. If it says "Choose an application to open the wbx link", Select the suggested Webex App and then click on "Open Link". (If it doesn't suggest an App, either click on "Download the App" and follow the prompts, which will take a while, or else click on "Join from Browser" and when asked, enter your name and email address.)
3. Click on "Join Meeting" (twice, if necessary)
